DALAL – Essential Digital Skills

I am a 53-year-old Lebanese woman who has had minimal exposure to digital technologies in the past.

However, the course curriculum provided a structured pathway for me to develop essential digital skills. I began with basic computer literacy and gradually moved on to topics like internet browsing, email management, and word processing.

My journey illustrates the transformative power of adult education, as it empowers individuals to thrive and gain a sense of confidence in an increasingly digital world.

Fees, Concessions and Financial Support

Our courses are funded by the Greater London Authority's Adult Education Budget (AEB). Fees on these courses are subsidised, some are absolutely free or learners can get a discount, depending on their entitlement or employment and financial circumstances.

We also offer Full Cost (FC) courses where learners pay full fees. These courses are for learners' personal interests and are not supported by public funds.

Forms of Payment

We accept cash, cheque and most forms of credit card (one exception is American Express).

Pay by Instalments

- If your course lasts one term or the fees are up to £500 full fees are paid at enrolment.
- If your course lasts one term and the fees are over £500 you can pay by 2 instalments. 50% at enrolment and 50% 1 month later.

SARAH – Graphic Design

I enrolled in the Graphic Design course to pursue a career change into the creative sector, blending artistic and digital skills to work flexibly and independently. The course has transformed my confidence and abilities, enabling me to develop strong technical skills, produce professional outcomes, and build a portfolio. It also served as creative therapy, helping to relieve stress and inspire personal growth. Despite balancing the course with work, I succeeded with the support of a dedicated tutor. I'd encourage anyone to take the leap—be organised, stay curious, and embrace new opportunities.
